INTELLIGENT GLOVE SOLUTIONS

www.pipusa.com

FOCUSED ON INNOVATION

Showcasing the latest innovations in hand protection from the recognized world-class leader in hand protection, ATG®.

ATG® designs, develops, and manufactures gloves that enhance the performance of the most sophisticated work tool, the hand.

A Fully Integrated Approach

Focused on innovation and quality, ATG® is a fully integrated manufacturer with control of all elements of the manufacturing process, from covering and twisting of yarns, knitting liners, coating, to finishing and packing. ATG® operates according to ISO 9001 manufacturing standards, applying a fully integrated approach to transition products from a laboratory concept to full production quickly and efficiently. Not a single element of any product is outsourced.

All ATG® gloves are dermatologically accredited by the Skin Health Alliance and are post washed prior to packaging enabling us to guarantee them "fresh out of the pack" as certified by Oeko-Tex®. All ingredients used in the production of our gloves are manufactured and subject to authorization under the REACH Regulation.

ATG® TECHNOLOGIES

CUTtech®

- > Innovated fibers – unique engineered high-performance yarns and fibers that offer cut protection while maintaining comfort
- > Reinforced in high wear areas between the thumb and forefinger

AIRtech®

- > 360° breathability patented Micro-Foam nitrile coating. The most breathable glove on the market

DURAtech®

- > 25% thinner than most nitrile coated gloves on the market, provides twice the mechanical performance for maximum hand dexterity

ERGotech®

- > Form, fit and feel mimics the "hand at rest" reducing hand fatigue
- > Consistent liner penetration with smooth rounded fingertips, improves fingertip sensitivity

GRIPtech®

- > Controlled grip with patented micro-cup coating finish, maximized grip for a variety of environments

LIQUItch®

- > Increased resistance to oils, liquids and chemicals through advanced layering technology

- > A natural cooling agent activated by the movement of the hands, keeping hands cool, dry and productive. Designed to last for the duration of the glove even after repeated laundering

MaxiCut®

GOOD GRIP, DURABLE COATING,
PREMIUM PERFORMANCE

- > Handling, assembly and sorting of small to medium parts
- > Finishing and parts inspection
- > Mechanical equipment maintenance and repair
