

COMFORT, STYLE AND AN UNBELIEVABLE VALUE

- Rubber bridge self-adjusts for added comfort and all day wear
- Temple design provides a secure fit without pinching
- Sleek, modern design will comfortably fit most workers

ULTRA-LIGHTWEIGHT DESIGN WITH A SECURE AND COMFORTABLE FIT

MEETS ANSI
Z87.1+

Pulse by Bouton® Optical

Pulse rimless safety glasses features an ultra-lightweight design with a soft rubber nosepiece and temple tips. Rubber nosepiece sits comfortably on the wearer's nose, eliminating possible pressure points. Temple tips ensure a secure, yet comfortable fit. Pulse is tested to meet the ANSI Z87.1 requirements for high impact protection, as well as optical clarity.

THE RIGHT FIT & LENSES FOR YOUR WORKING ENVIRONMENT

FEATURES

Lightweight design adds comfort

Rubber nosepiece will self-adjust for a comfortable fit, reducing pressure points

Temple tips provide a secure fit so the glasses will not need constant readjusting, including when looking down

Universal size comfortably fits most workers

10 base curve lens provides wraparound protection that does not distort vision

LENS OPTIONS FOR YOUR ENVIRONMENT

Bouton® Optical provides the right lenses for your working environment. We start with Anti-Scratch and Anti-Fog as a standard on many of our glasses. For the Bouton® Pulse, the following lens tints are available:

CLEAR LENSES

Provide 90% visible light transmission (VLT), ideal for indoor workers and low light conditions

GRAY LENSES

Provide 12% VLT, significantly reducing the sun's glare and ideal for outdoor workers

INDOOR/OUTDOOR LENSES

Provide 60% VLT, reducing pupil adjustment time when transitioning between indoor and outdoor work

After protection, comfort is the second most critical component for PPE. With protective eyewear, pressure points and blurred or distorted vision are among other variables that could lead to loss of concentration and productivity, as well as frequent removal. Bouton® Pulse provides those extra features that make the difference. **Bouton® Optical: safety glasses workers want to wear.**
