

Howard Leight™ Verishield® 100 Series

Passive Neckband Ear Muff - NRR 22

- Air Flow Control™ technology allows for higher attenuation with smaller ear cups
- The patented sound stabilizer design ensures optimal noise attenuation across all frequencies
- Wider cup openings with snap-in replaceable memory-foam cushions for greater comfort and attenuation
- Neckband design allows clear head access for hard hats or welding helmets

Technical Data

Color	Black
Sizes Available	--
Packaging	Boxed
Packed	--
Case Dimensions (cm)	51.56 x 28.19 x 21.08
Case Weight (kg)	7.60
Country of Origin	China
