

Howard Leight™ Verishield® 100 Dielectric Series Dielectric Passive Neckband Ear Muff - NRR 30

- Wider cup openings with snap-in replaceable memory-foam cushions for greater comfort and attenuation
- Neckband design allows clear head access for hard hats or welding helmets
- ABS molded oil-resistant cups with internal baffle design for lighter weight
- Air Flow Control™ technology allows for higher attenuation with smaller ear cups

Technical Data

Color	Black
Sizes Available	--
Packaging	Boxed
