

Temp-Gard™

Liquid-Proof Silicone Extreme Temperature Glove - Mid-Arm Style

- Protect from -321°F (-196°C) to +500°F (+260°C)
- Impervious to cryogenic liquids and most other liquids and chemicals
- Exceptional grip that does not become slippery, even at extreme temperatures
- Superior flexibility that will not stiffen
- Improved dexterity at all temperatures
- Easy to clean, will not absorb chemicals and will not stain. The silicone coating is on the outside of the gloves (rather than inside), so it prevents staining and can easily be rinsed off after use
